Western Sky Airpark Residents,

We hope this message finds you well and excited for another wonderful year at Western Sky Airpark. As many of you return for the season, we want to extend a warm welcome back to your home in the sky! We are looking forward to a great year filled with clear skies, community connection, and continued improvements around the Airpark.

We are pleased to share that the annual water rate will remain at \$625.00 for 2026. We are committed to keeping costs stable while continuing to enhance the quality and services provided to our residents.

What's New for 2026

To make things more transparent, streamlined, and resident-friendly, we are introducing a few updates this year:

- **Monthly Water Testing Results Online**

Starting January 2026, monthly water quality testing results will be posted on our website for you to access anytime. This is part of our continued effort to keep everyone informed and confident in the quality of our shared water system.

- **Online Payments Only**

To simplify the process and ensure accurate record-keeping, online payments will be the only accepted payment method this year. This Link will take you to the 2026 Water Payment Page.

www.westernskyairpark.com/water2026

- **Late Fee Policy**

To encourage timely submissions and avoid administrative delays, a **\$50.00 per day** late fee will apply to any lot not paid in full by January 31, 2026.

- **Resident Information Form Required**

A Resident Information Form must be completed and submitted with your payment. This helps us maintain up-to-date contact details, emergency information, and support communication within the community.

We truly value having you as part of the Western Sky family. Thank you for your cooperation and for helping make this a community we are all proud to call home. If you have any questions, we are here to help.

Wishing you blue skies, safe landings, and a fantastic year ahead!

Sincerely,

Bill McDowell
